DETAILED ACTION

Response to Amendment

This Office Action is in response to applicant's amendment filed on February 2, 2007. The 35 U.S.C. 112, first and second paragraph rejections of claims 9-11 are withdrawn in view of applicant's corrections.

Response to Arguments

Applicant's arguments with respect to the recitation of a pushing rod abutting a pushing pin in claim 1 have been fully considered and are persuasive. Therefore, the rejection of claim 1 and the objections to claims 2-8 are withdrawn.

Allowable Subject Matter

Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, Zvenyatsky and the prior art do not disclose or suggest a surgical instrument, wherein a pushing rod abuts a pushing pin as claimed. Zvenyatsky discloses a pushing rod 78 that is connected to a pushing pin 94 via a hinge pin 92 (Figs. 2 and 7), and there is no motivation or suggestion in the prior art to modify the pushing rod to engage the pushing pin in an abutting manner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
